PROJECTS

Xplore Recipe App

An asynchronous web app that allows a user to browse through recipes using the Edamam API, which has a database of 1.7+ million nutritionally analyzed recipes. A user gets detailed nutritional information on a recipe and it has a grocery list feature where the user can add his own items or ingredients from a recipe to the list.

National Parks App

An asynchronous app allowing users to search through parks in multiple states of the US. This app uses the National Parks API.

Quiz App

A jQuery based web app that prompts the user with 5 questions and keeps track of the question number and the score of the user and displays the result once the test is over.

EXPERIENCE

Transportation Supervisor

Jan 2012 - Apr 2015

Aujla Star Heavy and Light Trucks Transport, LLC, Dubai, U.A.E.
